

## **MICHAEL GRAY**

I am a confident and enthusiast person,  
I consider myself friendly and approachable and  
try to do everything with a smile.  
I have worked with children and young adults of all  
ages from 8 years old to 18.  
I have also worked with young adults in a  
football/sports environment.  
all from various back grounds.  
During this time, I have worked together with  
children that have ADHD, Autism and Asperger's.

My strengths and skills are building trust and  
relationships with both children and adults.  
I am a good listener, supportive to those that are in  
need.

I am willing to try new things in order to make a  
difference in a child's life and with their families.  
I always work to a high standard to enable children  
to have the best possible experiences.
